Key program activity

Objective: students will learn and see first-hand how wine and cava are produced, how it is packaged and marketed.

Students may also purchase wine if they wish.

Students will take a tour of one of the most famous wineries in the Valencia area, TORRE ORIA, where they will go down into the wine cellars and see the art of wine-making, visit the packaging and distribution area of the winery and have the opportunity to taste the best wines and cavas.
